The Peace Officers' Annuity and Benefit Fund is not the primary benefit received by most of its members and many of the monthly pension amounts we issue are not large enough to require Georgia Income Tax to be withheld. However, many of our retirees are subject to paying State Income Tax and the State is now requiring us to withhold State Tax on pension payments unless we are instructed by the recipient of the pension not to make the withholding.

If you had to pay any State Income Tax last year, you may wish to have an amount withheld from your monthly pension to divide up your tax liability to the state into 12 equal payments. In this case you should check Option 2 below and specify an amount to be deducted each month.

If you were not required to pay State Income Tax last year, OR are paying your state tax obligation by making Estimated quarterly returns, check Option 1 below, but continue making your Estimated Quarterly Returns.

1. I do not want to have State Income Tax withheld from my monthly pension.
2. I do want to have State Income Tax withheld from my monthly pension in the amount of \$_____.
